EXPERIENCE

Frontend Developer
Scizers IOT Pvt. Ltd.

06/2023 - 09/2023

Achievements/Tasks

- In my role as a Frontend Developer specializing in the MERN stack (MongoDB, Express.js, React.js, Node.js), I played a key role in designing and implementing intuitive and responsive user interfaces for web applications.

Frontend Developer
Prayagraj Xport

11/2023 - Present   *Technologies: Tailwind CSS, React.js, Next.js*

Achievements/Tasks

- As a Front-end Developer, I am specializing in React.js, Next.js, and Tailwind CSS. Skilled in crafting user-friendly interfaces with the efficiency of Tailwind CSS. Collaborative team player committed to creating visually appealing and responsive web applications. Stay updated on industry trends to bring innovation to frontend development.

PROJECTS

Astroganesh (12/2023 - Present)
Astroganesh is a platform where you can get solutions to your problems by chatting with the India's top astrologers. At Astroganesh I am focusing on integrating API's and elevating the user experience for astrology enthusiasts. I enhanced features like Kundli Chat and contributing to the platform's success in astrologer-related services. I thrived in a collaborative team environment, fostering innovation and achieving collective success .
Skills involved : Tailwind CSS, React.js, Next.js

Weather Web Application
Developed a dynamic and user-friendly Weather Application using JavaScript, HTML, and CSS, which leverages a weather API to provide real-time weather information. This project showcases my proficiency in front-end web development, API integration, and responsive design techniques. We can search any city's weather in this App.
Skills involved : Tailwind CSS, JavaScript, fetch API
